MLWARE - It is the flagship event of Byte The Bits exclusively for machine learning enthusiasts.

EVENT FORMAT

- The event will consist of a single round which will last a few days. Exact duration will be disclosed beforehand.
- The participants will be given a problem statement and provided with the required datasets.
- They are required to train a model which gives the best possible result for the dataset provided.

Rules and Guidelines:

- A person can register individually or as a team of two.
- The decision of the organizers in declaring the results will be final. No queries in this regard will be entertained.
- Any participant found to be indulging in any form of malpractice will be immediately disqualified.
- Top performers will be asked for the code of their Machine Learning algorithm. Final standing will be declared only after code verification.
